Dear Dancers,

The WorldCDF Rules Board is proud to present to you the new

WorldCDF Rules Book 2024

Since 2006, the World Country Dance Federation started with the mission to further the art and sport of country dance at all levels. From that moment on, we have done our best to make the WorldCDF an organization where everyone is made welcome and to feel at home.

We listen to our members, and we have changed some rules and procedures to make it fairer for all of our dancers.

Our federation treasures many years of significant dance experience, and we have the privilege to count among our certified professionals, many renowned dance instructors, dance studio owners, choreographers, national and international judges as well as coaches who provide training and guidance.

On behalf of the WorldCDF Rules Committee, I am pleased to share the new 2024 Rules Book.

Please read the Addendum, the General Rules and your Division Rules, to ensure you are fully informed of all changes or amendments within your division. Always keep in mind that the General Rules supersede the Division Rule.

Throughout the year, the WorldCDF Rules Book can be changed. Please check the website regularly for the latest updates: <https://www.worldcdf.com/competition/rules>.

The rules board is always open to receiving your ideas and suggestions. We appreciate all feedback, both positive and negative, that we receive. Please keep them coming to help us to keep improving.

We continue to look forward to seeing you compete on a WorldCDF dance floor.

With best regards,
Barry Arbeider
Head of the WorldCDF Rules Board
